# Coronavirus (COVID-19) Update

In response to the Novel Coronavirus (COVID-19) pandemic, the Morongo Band of Mission Indians has taken a number of proactive steps to best protect the health, safety and well-being of our Tribal Members, employees, guests, and our neighbors in surrounding communities.

We have temporarily closed several Tribal business enterprises, including the Morongo Casino Resort & Spa, Casino Morongo, Canyon Lanes Bowling Alley and Hadley Fruit Orchards. We have reduced tribal government operations to essential personnel working in critical service sectors such as public safety, healthcare and infrastructure.

The Morongo Tribal Council remains fully focused on this issue and is working with federal, state, local and tribal organizations in a unified response to this national public health emergency. We are doing everything we can to address the needs of our tribal community and our region, and we remain in close contact with health and public safety officials.

We are encouraging everyone to adhere to the “Stay at Home” order issued by the State of California which requires residents to stay home except for essential trips to grocery stores, pharmacies, medical appointments, or to care for a friend or relative. If you go out, please practice social distancing measures by staying at least six feet away from others.

By working together and adhering to these guidelines, we can help limit the spread of the Coronavirus.

By working together, we will all get through this.
