Dear Staff,

As you might have heard, Governor Wolf is calling on all non-essential businesses to close immediately to prevent the Novel Coronavirus from spreading faster than we can handle it through our healthcare system. Closing is a hardship on us all, and unfortunately we don't have the funds to continue paying staff without the income from the theatres to cover it.

Right now, the request is for two weeks. We hope that is sufficient to get things calmed down, but we think it would be prudent to expect to be closed 4 weeks, and possibly longer than that.

I recommend you apply for unemployment benefits right away. Eryn has sent out an email beforehand on how to apply online. We will resend to all staff.

Our contact information for unemployment is:

We expect even after the immediate crisis we will be much slower than normal. If you have an opportunity to take another position, we recommend you do so. Just please let us know so we don't count on you to return. We are hoping to reopen as soon as possible, and we want you all to return if you can.

This is all happening very fast, and I know some of you might be in dire straights without this income. Be aware the government has requested evictions, power shutoffs, and other relevant utilities to hold off and work with folks who are all suddenly out of work.

We'll be setting up Zoom meetings in the coming days, no obligation to join, just a way to stay connected if you want to. We might do some teaching, certainly some talking, brainstorming, and just supporting each other through this crisis.

Let me know personally if you have desperate needs. If I can help you, I will.

Don't hesitate to ask questions. I'm sure there's important things I've missed.
