COVID-19 has affected my beliefs in a way that has made me strengthen my faith and that I am a Christian and believe in Jesus Christ.

Great. Second question. Is your religious community still gathering?

No.

COVID-19 has affected my participation in my religious community by a social distancing, not being able to gather in prayer and congregate for worshiping.

Great. Last question. Is a religious community supplying or engaged in any kind of community service and attempts to help alleviate issues caused by the pandemic? And if so, what are those efforts?

Yes, my religious community helps with the passing out lunches to the kids in the community that are underprivileged and don't have access to any lunch nor breakfast because they're closing up the schools.
