

**Saint Anselm College**  
**Instructor, Beth Salerno**  
**HI199**

Hi199 assignment: “This is an optional way to get class engagement points. You can post a submission to the Covid-19 Journal of the Plague Year archive at <https://covid-19archive.org/s/archive/page/Share> (Links to an external site.). You do not have to write a brand new contribution about your own experience - you can snap a picture of a tweet or facebook posting, submit a photograph (yours or one from a public site), submit a news story you saw that covers an issue you think historians will want to know about in the future, or even ask your grandparents for their experience to ensure older people are covered in the archive.

Your hashtags (without the #) should include HI199 and SaintAnselmCollege so I can find them (this is not required but helpful).

Click yes when asked if you want a copy of your post sent to you via email - then you can just forward the email to me or you can post it here - either will work.”
