

Prof. Smith-Peter
HST 718

3rd Instagram Assignment
Due March 14

For this assignment, you will comment on one of the photos that were posted to the Coronavirus Chronicle Facebook page. You can take it directly from Facebook or from the Journal of the Plague Year (JOTPY) website. Please do a screenshot of the photo and then post it, giving credit if possible. Then write a reflection on Instagram about how the photo you chose connects or fails to connect with your own experience during lockdown.

Make sure to tag @csipublichistory and like and comment on your fellow students' posts.

Also upload your comments and photo to the Lockdown Staten Island website with JOTPY: <https://covid-19archive.org/s/lockdown-staten-island/page/welcome>

Finally, send the photo and caption to Melissa.Cipoletti@cix.csi.cuny.edu, as she is my research assistant and will also post your item to the Public History Instagram account.
