

Week of September 29:

Tuesday; During Covid-19 Most families have faced some difficult situations. For me, I am a very social person So I Missed going out and it got me into mad moods. I could speak for most families but spending that much time together is a lot. We got into a lot of arguments and conversations that didn't end the best. It kind of made all of us hate each other but in some moments we appreciate ourselves and that we had a healthy family. I couldn't play sports during this time so it was hard for me to start the recruiting process for baseball. And I had to change my workout/training schedule. But we will all get through this time together to make this world a better and healthier place.
